Subject: Plan of Operations Submittal, Binggeli Rock Products, Inc., Binggeli Quarry, M/051/005, Wasatch County, Utah

Dear Mr. Binggeli:

On September 1, 2004, the Division received a draft copy of your Notice of Intent to Commence Large Mining Operations. This Notice was initiated for the required permitting for the bedrock portion of the Binggeli Quarry.

In your cover letter you stated that you would not be able to send the maps and surety portion of the permit to our office until those items were completed. It has been two months since this correspondence and we have not received any further information concerning this Notice.

During our discussions concerning this permit application, it was stated that there was a need to permit this area to allow for mining in the near future. Because final approval of this permit could require as much as six months to complete, we are requesting that your Notice be filed as soon as possible.

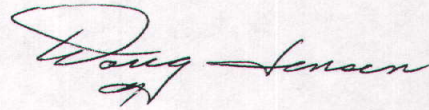

You are reminded that you are not allowed to create any further disturbances in the bedrock portion of your quarry until the permitting is completed. Mining without a permit could result in enforcement actions being taken by the Division.

The Division requests that the Notice be completed and submitted as soon as possible. Please submit the Notice within 10 days or by November 15, 2004, provide a schedule of when the permitting action will be completed.
